

FROMMELT FOR PROTECTION

ROLLSHIELD™

SIDE-TO-SIDE SAFETY CURTAIN

Innovative - Easy To Use

- Manual Roll-up Safety Curtain extends and retracts sideways up to 20'.
- Spring tensioned aluminum roller keeps curtain taut and automatically retracts curtain to stored position.
- Curtain stores safely and out of harm's way requiring minimal floor space.
- Does not require overhead suspension eliminating obstructions to overhead equipment and process.
- Ideal for larger openings where frequency of use is low but full access is a requirement.
- Available in our standard Saf-T-Vu™ and Weldtex™ fabrics.
- Curtains attach to roller with hook and loop fasteners for ease of replacement.
- Standard curtain heights are 3' and 4' and widths up to 20'.

ROLLSHIELD™
